

Proposed Statement on Coastal Occupation Charging

(Variation 15 to the Proposed Regional Coastal Environment Plan)

SUMMARY OF SUBMISSIONS

Council received one submission on proposed Variation 15 to the Coastal Plan. The proposal is not to establish a coastal occupation charging regime at the current time. The table below includes a summary of the submission.

Submitter name:	New Zealand Transport Agency
Submitter identification:	RCEPv15 001
Summary:	Support for the proposal to not establish a charging regime. The areas occupied by state highway network structures offer widespread community benefit and no private benefit. A coastal occupation charging regime would add further financial burden on tax payers.
Decision requested:	Accept proposed Variation 15 to the Coastal Plan in its entirety or with changes that achieve similar outcomes.
Wish to be heard:	No.
