

# Community caretaker application form

Do you love your community? And would you like to take care of it for us?

Gisborne District Council is looking for “community caretakers” in **Matawai, Whatatutu, Te Karaka, Patutahi, Tolaga Bay, Tokomaru Bay, Te Puia Springs, Ruatoria and Te Araroa.**

We need to appoint someone in each of these areas to look after the things that make our communities great – the important stuff that makes us all feel proud of our townships - litter control, opening and closing of transfer stations, graffiti control, landscaping, parks and reserve mowing, weed control and other bits and pieces as required.

You’ve probably thought this needed to be done in your community – well now the opportunity has arisen to look after your slice of paradise and get paid to do it.

Obviously we have some checks and balances in place to ensure we all know what is required but if you live in one of these areas and think you have what it takes and the time to be this person then you need to get a form from our website [www.gdc.govt.nz/communitycaretakers](http://www.gdc.govt.nz/communitycaretakers). Forms are also available at the Te Puia Service Centre.

Name:

---

Address:

---

---
